DEWALT Yamaha R1 motorcycle Challenge Terms & Conditions

Full Terms and Conditions apply, please go to www.Dewalt.eu. 1. The competition is open to all residents of participating countries aged 18+, excluding employees of the Promoter and associated companies, their agents, families and anyone professionally involved with this competition. No purchase necessary. 2. The competition has 2 stages: (i) Regional Heats in each participating country; and (ii) the Global Final. 3. Regional Heats: take place between 8 Jan 2010 & 30 Sept 2010 - for details of exact dates & venues of Regional Heats see www.dewalt.eu; participants must attend an applicable Regional Heat & complete an entry form; to win, a participant must drill 5 screws into the wood (the "Challenge") in the quickest time using only the equipment & materials provided. 1 entry per person; there will be a total of 24 winners from all participating countries (for details see full Terms & Conditions). 4. Winners notified by phone and email by 22 Oct 2010. prize: a place in the Global Final Valencia, Spain on 5-6 Nov 2010. 4. Global Final: knock-out competition with 4 Rounds. Round 1: regional heat winners compete against each other. The 8 fastest participants proceed to Round 2. Rounds 2-4: participants compete in pairs (selected by the Promoter) to complete the Challenge; the faster participant in each pair proceeds to the next Round; the winner of Round 4 will win the top prize of a Yamaha R1 motorcycle (colour may differ from the image shown). 5. The prize is non-transferable and no cash alternatives. 6. Promoter: Black & Decker, 210 Bath Road, Slough, Berkshire, SL1 3YD.

EXTRA LIFE AND RELIABILITY

NEW

DCD925L2 18V LI-ION XRP COMBI

Why does the All New XRP get your job done faster?

Power

The XRP range has been developed to provide optimum torque and speed across all common applications which means whatever the job, XRP gets it done faster.

Compact

Designed around you and your job, the All New XRP is extremely compact and ideal for single handed operation which means jobs where space is restricted have never been easier.

Balance

The All New XRP has been designed with your comfort in mind, and as such is DeWALT'S leading drill in terms of its balance, weight and length, giving you total control in all common applications.

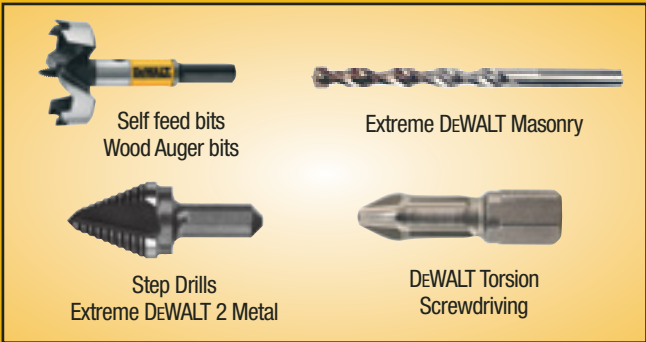

Grip

Our rubberised ergonomic grip has been specifically designed to reduce fatigue – meaning you can apply the power of XRP for longer and finish your application faster.

With all these features packed into a lighter weight and more compact body, ALL NEW XRP is OUR BEST EVER RANGE OF PREMIUM HAMMER DRILLS AND DRILL DRIVERS... allowing you to get your job done faster.

Accessories

Optimise the performance of your XRP by using the right accessories to develop the PREMIUM SOLUTION:

ALL NEW

Why do we believe this to be the best drill we have ever made?

1

New frameless motor
For faster more efficient power delivering 30% more runtime.

2

New all metal 3 speed transmission
For optimum speed and torque giving greater durability and ease of use.
Gear 1 0-500RPM, Gear 2 0-1250RPM, Gear 3 0-2000RPM

3

Dual action collar
Fast mode changes and 22 screw driving settings for a wide range of fasteners.

4

Lithium Ion Battery System
With no memory effect and virtually no self-discharge, using a Lithium Ion battery pack leads to less down-time, helping to maximise your productivity.

TRIED & TESTED

'It was great to get my hands on the new XRP drill. I was surprised how powerful this compact 3 speed combi is. Most of all it's much quicker than any other drill I have used.'

Paul Smith - Joiner

'This drill fits into my 18 volt system. Even though I have bought a Li-Ion version the batteries still fit my old 18 Volt machines and when the batteries eventually run out I can still use my old NiCd or NiMH batteries.'

Dean Stanford - Landscape Gardener

NEW Impact Ready Accessories

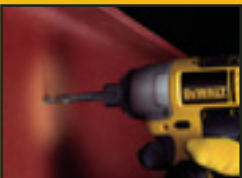

IMPACT HOLESAWS

- Dedicated high durability range for use with Impact drivers
- Optimised tooth design for faster cutting to maximise battery life
- For cutting thin materials - stainless steel, mild steel, aluminium and plastics
- Available in diameters 19mm - 38mm

IMPACT DRILL BITS

- Single piece construction for high durability
- Unique high performance tip design for faster drilling and no 'walking'
- Available in diameter 3mm - 13mm and in kit format

IMPACT SCREWDRIVER BITS

- Full hex design for increased durability
- Optimised geometry to maximise surface contact between tip and fastening
- Available in Phillips, Pozidriv and Torx compatible ranges

1/4" to 1/2" conversion adapter. Ensures that all these accessories can be used with an Impact Wrench

IMPACT SOCKETS

- For use with 1/2" drive Impact wrenches
- Manufactured to the highest standards to ensure long life and maximum durability
- Clear diameter markings on each socket
- Available in 2 set executions:
17 Piece: 6, 8, 10, 11, 12, 13, 14, 16, 17, 18, 19, 20, 21, 22, 24, 27mm & 1/4" to 1/2" Adapter
9 Piece: 10, 13, 15, 17, 19, 22, 24, 27mm 1/4" to 1/2" Adapter
